

Electrical And Instrument Supervisor

A. PERSONAL PARTICULARS

Name : Syaharudin Bin Othman @ Abdul Latif
NRIC : 860818-11-5067
Age : 37 years old
Address : 516-4 Kg. Darat Penunjuk,
24100 Kijal Kemaman,
Terengganu

B. EDUCATION

1. Qualification : Sijil Kemahiran Malaysia (SKM)
Institute : Perwaja Technology Institute
Course : Instrument
Year : 2004 - 2006
2. Qualification : Sijil Pelajaran Malaysia Vocational (SPMV)
Institute : Sek.Men Teknik Kemaman
Course : Vocational
Year : 2002 - 2003

C. WORKING EXPERIENCES

1. Company : Front Tech Engineering Sdn. Bhd
Position : Electrical And Istrument Supervisor
Year : March 2013 - Present
Job Scope :
 - Performing any site visit which related to any ITB especially for any O&G, PETCHEM works.
 - Participate the meeting and deal between with Senior / Manager Electrical/Instrument and vendor regarding any technical problem.
 - Monitor manpower at site and report to engineer.

Project Description: -

- a. Project : Provision Of Manpower, Equipment, Tools, And Consumables For Instrument Works For Turnaround PCFSSB 2022
Plant : PCFSSB
Duration : 2022
- b. Project : Provision Of Manpower, Equipment, Tools And Consumables For Inspection On Explosion Proof Certified Electrical Equipment And Associated Equipment Onboard Fpso Bunga Kertas, Penara And North Lukut
Plant : FPSO
Duration : 2022
- c. Project : Provision Of Manpower, Equipment, Tools And Consumables For Inspection On Explosion Proof Certified Electrical Equipment And Associated Equipment Onboard Puteri Platform
Plant : FPSO
Duration : 2022
- d. Project : To Supply And Replace Stud And Bolt Busduct Transformer
Plant : Lynas
Duration : 2022
- e. Project : To Perform Site Visit, Fat, Installation And Commissioning Of Moisture Analyzer
Plant : Endress + Hauser
Duration : November 2021
- f. Provision of Instrument Manpower, Equipment, Tools and Consumables for TA PCEPSB 2021
Plant : Ethylene, Polyethylene
Duration : July – August 2021
- g. Project : Provision of Instrument Manpower, Equipment, Tools and Consumables for TA PDH 2021
Plant : PDH - PCMTBESSB
Duration : March – April 2021

- h. Project : To Perform Site Visit, Fat, Installation And Commissioning Of Moisture Analyzer Platform SELIGI
Plant : Endress + Hauser
Duration : November 2021
- i. Project : Install Floodlight at Platform KIKEH
Plant : KIKEH – MISC Berhad
Duration : November – December 2020
- j. Project : Provision of Instrument Manpower, Equipment, Tools and Consumables for TA MTBE 2020
Plant : PCMTBESB
Duration : February 2020 (Hold due to MCO-COVID 19), September – October 2020
- k. Project : Project : Provision of Electrical Manpower, Equipment, Tools and Consumables for TA MTBE 2020
Plant : PCMTBESB
Duration : February 2020 (Hold due to MCO-COVID 19), September – October 2020
- l. Project : Provision Of Qualified Electrical Manpower Supply and Equipment Rental At PCOGD
Plant : PCDSB
Duration : March 2018 – March 2020
- m. Project : To Perform Instrumentation Works for Turbomachinery Package at PGB GPS (GPS P201 Grounding Improvement)
Plant : PGB GPS
Duration : April 2019 – August 2020
- n. Project : The Provision Of Procurement, Delivery, Installation, Testing And Commissioning Of Liferaft (Forward) Lightings For Fpso Kikeh
Plant : MISC BHD
Duration : Feb 2019
- o. Project : Electrical Installation Rejuvenation for Non-Process Area
Plant : PGB GPS
Duration : July 2019

- p. Project : Electrical upgrading work for meeting room admin building Segamat operation center, Petronas Gas Berhad
Plant : PGB GTR
Duration : December 2019 – 2020
- q. Project : Supply, Delivery, Install, Testing & Commissioning of Distribution Boards at Kerteh RO and Segamat RO, PETRONAS Gas Berhad
Plant : PGB GTR
Duration : October 2019 – December 2019
- r. Project : Major Servicing And Inspection For Nine (9) Units of Transformer Rectifier (TRU) Unit for Cathodic Protection System
Plant : PGB GTR
Duration : April 2019 – August 2019
- s. Project : Turnaround Instrument 2018
Plan : Petronas Methanol Labuan (PML Plant 2)
Duration : August – September 2018
- t. Project : Provision Of Manpower, Equipment, Tools And Consumables For Instrument Works For TA Polyethylene.
Plant : PCPESB
Duration : July – August 2018
- u. Project : Provision Of Manpower, Equipment, Consumables For Instrument Works For TA Ethylene. (Mini Shutdown)
Plant : PCESB
Duration : April 2018
- v. Project : Jetty Flood Light Replacement Works At Pcemsb
Plant : Ethylene
Duration : Jan – July 2018
- w. Project : PETRONAS CHEMICALS ETHYLENE SDN BHD.
Position : Supervisor & QA/QC
Duration: July – August 2018
Job involved : Supervise instrument manpower for Turnaround PCESB 2018

- x. Project : PETRONAS CHEMICALS MTBE SDN BHD (PCMTBESB)
 Position : Supervisor
 Duration: March – May 2018
 Job involved : Supervise electrical & instrument manpower for Turnaround PDH 2018
- y. Project : Engineering, Procurement, Construction And Commissioning(Temporary Phase) For Explosion Proof Wireless Access Point
 Plant : PGB GPS
 Duration : March – July 2018
- z. Project : Safety System Cable Replacement For Fire Alarm System At Olefins Plant
 Plant : PCESB & PCPESB
 Duration : April 2018
- aa. Project : REGAS TERMINAL (SG.UDANG) SDN BHD
 Position : Supervisor
 Employment period : 2017
 Job involved : Supervise instrument manpower
- bb. Project : PETRONAS CHEMICAL METHANOL LABUAN PLANT 1 (PCML PLANT 1)
 Position
 Employment period : 2017
- cc. Job involved : Supervision
- dd. Turnaround

2. Company : OPAL Engineering Sdn. Bhd.
 Position : Technical Executive
 Year : October 2015 – February 2017
 Job Scope :

- E & I workpack preparation
 - Identified the job scope & compile all related drawing before doing the jobcard.
 - Compile all related documents such shiploose items, manhours, TRA, DAC, jobcard, and get client (PML) approval before proceed with E&I project execution.
- Participate/conduct in factory acceptance test (FAT) activities such UPS Charger, Genset & etc
 - Reviewing project specifications, drawing &

- datasheet Reviewing project specifications, drawing & datasheet /manual devices.
 - Visual observation when devices is online / operate as such as applied dummyload at genset in certain period time.
 - Attend meeting with vendor / client before and after FAT.
- Reviewing material take off (MTO) drawing & raised purchase service requisition (PSR) for purchasing E&I equipments.
- Identify and acquire appropriate resources need to complete the works, including personnel, tools, materials and equipment. Ensure all relevant work methods, safety and quality plans are incorporated into the preparation deliverables.
- Analyze gaps between the planned and actual progress and highlight the areas of concern which required action of the associate task member.
